

Directions to Inertia Switch

©2004 MapQuest.com, Inc.; ©2004 NAVTEQ

From the South – New York City/George Washington Bridge Area:
Palisades Parkway north to exit 5 N, Route 303 North towards Orangeburg. Merge onto 303 North and travel approximately 2 miles. At the 4th light, right onto Mountainview Avenue. The road immediately bears left and turns into Greenbush Road. Inertia Switch is the first entrance on the left, a grey, two-story block building.

From the West/Northwest – NYS Thruway I-87/287:
NYS Thruway, I-87/287, South/East towards the Tappan Zee Bridge. Exit at 13 S, onto Palisades Parkway South. Exit 6 E, Orangeburg Road/Orangeburg. Merge onto Orangeburg Road east and continue to end. Left onto Route 303 North. At next light, right onto Mountainview Avenue. The road immediately bears left and turns into Greenbush Road. Inertia Switch is the first entrance on the left, a grey, two-story block building.

From the East/Northeast – NYS Thruway I-87/287 & Tappan Zee Bridge:
From the Tappan Zee Bridge, stay on I-87/287 west to exit 13 S. Exit at 13 S, onto Palisades Parkway South. Exit 6 E, Orangeburg Road/Orangeburg. Merge onto Orangeburg Road east and continue to end. Left onto Route 303 North. At next light, right onto Mountainview Avenue. The road immediately bears left and turns into Greenbush Road. Inertia Switch is the first entrance on the left, a grey, two-story block building.

From the New Jersey Area:
Take Route 17 North, the Garden State Parkway North, or I-287 East to the New York State Thruway I-87/287 East. Follow above directions “From the West/Northwest”.

- Notes:**
- 1) Please be advised that our address is incorrectly located in the Mapquest database. Following Mapquest directions will bring you into the area, however will not get you to the proper location.
 - 2) The Palisades Parkway is for passenger vehicles only. Please contact Inertia Switch for alternate commercial routes.
